USD 233 Olathe Public Schools Strategic Directions

Strategic directions are established by the Board of Education. Strategic directions communicate "where we want to be," an important part of the continuous improvement process. The strategic directions for 2011-2016 are:

Improve Student Achievement

The Olathe Public Schools will increase achievement for all students through learning based on a comprehensive, challenging instructional program, focused on individual needs and grounded in research.

Recruit, Develop, Retain a Quality Staff

The Olathe Public Schools will actively recruit, develop, and retain a highly competent, caring, and student-focused staff throughout the organization.

Engage and Involve All District Stakeholders

The Olathe Public Schools will proactively inform and engage all district stakeholders *(staff, students, and community)* to support and ensure student success.

Use Resources Responsibly

The Olathe Public Schools will implement effective and efficient financial, operational, and safety procedures to enhance its educational program.

2011-2016 Strategic Directions

The district has identified priority goals related to each Strategic Direction, though priority goals may change as goals are accomplished or needed. Each priority goal will have an action plan. The Board's balanced scorecard (trend data chart) will be refreshed and all surveys used to gather input aligned.

Other Information Available

Check the website for additional information, including:

- The Strategic Plan Brochure: This brochure outlines the 2011-2016 Strategic Plan Process.
- The Priority Goals aligned with the four strategic directions.
- The Board of Education Balanced Scorecard: The scorecard tracks comprehensive data used to measure the district's progress in each of the four strategic directions.
